TOP REASONS TO VISIT

Ski-in, ski-out village

Ski from the door to the slopes! Silverstar offers true ski-in ski-out excellence at Canada's only mid-mountain village and where everywhere you stay leads you straight to a ski lift. This winter wonderland is full of activities. From on-mountain spa experiences, homemade food and cosy fireside dining to village hangouts that regularly features live music. The ski resort has nine on-mountain hotels and lodges.

Start your day with a run... not a lift line

Families excel on the progressive front-side terrain, while thrill seekers can spend a few laps warming up on the front side, and then move to the backside, where it's run after run of steep and deep excellence.

It's natural, all the time!

There's no need for man-made snowmaking. The snow here is light, dry blast through powder that skier's dreams are made of. **Top Tip**: "Check out the Atteridge lift on a snow day... a local 'powder garden' of never-ending snow stashes.

When to go:

December: Christmas and New Year's Eve festivities. Book early.

Jan/Feb: Great snow and powder plus the benefit of no crowds (or queues).

March: Longer days, blue-bird skies and no crowds.
